BACKGROUND

My professional career started as a recording engineer for a commercial studio in Hollywood California. This helped my musical ear as well as perfected my skills with the industry standard application, Pro Tools. After two years working with Grammy winning artists and producers, I decided it was time to combine my love of television/film and music. Finding a home with MICDI Productions, INC. has helped me do just that. In over 15 years working with this group of music editors, I've excelled in the field of music editorial and am now currently music editing for Feature length films and premium television for ABC Studios, Amazon, Netflix, and HBO.

MICDI PRODUCTIONS, INC.

MICDI is a well-established, cutting-edge music editorial company and is home to a family of talented music editors, assistants, and support staff. We are adept in providing high-quality music editorial services for many media formats including broadcast television, feature films, streaming, and new media. We pride ourselves as creative collaborators and host a long and storied list of filmmakers, producers, composers, and music supervisors as our partners. The MICDI facility is equipped with state-of-the-art technology including on-site Pro Tools editorial suites, mobile Pro Tools editorial systems, a fully networked facility, remote collaboration tools and their very own high-speed server to securely transfer media files with productions anywhere on Earth. Additionally, MICDI editors have access to a vast and exclusive film & television score library containing many thousands of titles, some available no place else. We look forward to learning more about your project and discussing ways our skilled staff can help you realize your musical goals.
